Welcome to MHS Learn
The Military Health System Learning Portal

Military Health System Learning (MHS Learn) has expanded to embrace the multifaceted nature of the Military Health System. Within this learning portal you will find links, resources and training materials spanning all branches of service as well as Veterans Affairs, the retiree population, and civilian providers.

MHS Learn is your world-class site for online and blended training to help you meet many of your specific training goals and objectives. The learning portal is a web-based training platform providing the military medical workforce with a single point of access source for managing, delivering and tracking medically-related learning. Learners can attend courses in a virtual setting, participate in online training, and obtain free health related training.

MHS Learn Staff training remains as robust as ever. Staff members can click here **MHS Staff Training** and log into MHS Learn to access Health Insurance Portability and Accountability Act (HIPAA), Armed Forces Health Longitudinal Technology Application (AHLTA), Composite Health Care System (CHCS), and other assigned training.

Please take a moment to access the other headings above and explore the site.
